

IMPORTANT ANNOUNCEMENT

Dear Valued Client

You may be aware that we, Azen Manufacturing Pte Ltd (Azen), filed a lawsuit against Leseman Davis LLC (Leseman Davis) in December 2013 in the Singapore High Court. Although the lawsuit was filed against Leseman Davis, you may be more familiar with L.C. Eldridge Sales Co., Inc. (L.C. Eldridge) the former owner of the Singapore Patent at issue (SG143754) entitled "Method and Apparatus for Manipulating and Diluting Internal Combustion Exhaust Gases".

At the Singapore High Court, we claimed that Leseman Davis' Singapore Patent was invalid and should be revoked. Leseman Davis made a counterclaim asserting that our Axial Exhaust Blower System (Azen System) infringed their Singapore Patent. As you may know, the Azen System is used to address a common problem of backflow of engine fumes on oil rigs.

We are pleased to inform you that on 21 June 2016, a Judgment of the Singapore High Court was made in our favour, with Leseman Davis' consent. We enclose a copy of the Judgment for your reference. The key orders made by the Singapore High Court are as follows for the Singapore Patent involved in the lawsuit:

- the Singapore Patent is invalid;
- the Singapore Patent is revoked; and
- Leseman Davis is to discontinue its counterclaim against Azen by 28 June 2016.

On 28 June 2016, Leseman Davis filed a Notice of Discontinuance/Withdrawal in the Singapore High Court, stating that Leseman Davis wholly discontinues its counterclaim against us.

We would like to take this opportunity to thank you for your continued support. We look forward to serving you better.

Should you have any questions on the above, please contact our General Manager, Ms. Bek Siew Hup, at email: shbek@azen.com.sg.
